What makes KRÄNZLE perfect?

Radial axial pumps
Self priming (vertical draw)
Run-dry capability
German engineered & manufactured
Solid brass pump heads - freeze resistant
Ceramic-coated stainless steel plungers
Adjustable pressure
110v - 440v
Single or three phase
Can use up to 140° Fahrenheit water

All machines, unless noted otherwise, include: Hose, gun-jet, lance and at least one turbo nozzle, vario-jet nozzle or 25-degree fan tip nozzle.

All machines have a 1-year commercial, 2-year residential warranty against manufacture defects.

KRÄNZLE Stationary / Wall Mounted Pressure Washers

1622TS

K2020PMUSR

DIRT KILLER

Auto detailers LOVE these machines due to their performance and quiet motors. The 1622TS is ideal for the "pro-sumer". Detail shops use the K2020PMUSR.

Classic Gas Pressure Washers

Dirt Killer Classic pressure washers combine Kränzle pump with a Honda gear-reduced gasoline engine. They are the only machines that SELF-PRIME, can RUN DRY, and operate in BYPASS for extended periods of time. Leave a

competitors machine running, walk away and you will be buying a new one. Walk away from a Dirt Killer Classic and when you come back, it will continue to work as hard as you do!

All machines, unless noted otherwise, include a hose, gun-jet, Lance, and at least one nozzle.

DIRT®KILLER Cleaning Chemicals

After years of development and field testing by seasoned professionals via our retail store in Maryland (Atlantic Pressure Washers), we proudly introduce our exclusive line of Dirt Killer cleaning chemicals!

Whatever your cleaning need, we have superior products that thrill professionals and generate reliable repeat business week after week, month after month, year after year.

^{*}Dealers contact Patricia to order a FREE SAMPLE KIT of popular house wash soaps

DIRTOKILLER Cleaning Chemicals BEST SELLERS

NASTEE^T

An industrial grade degreaser, Dirt Killer designed Nastee exclusively for commercial Environments such as concrete cleaning, Drive-thrus, grease traps, tile floors, etc. Nastee proves to be an effective paint stripper and deck cleaner as well. When the project is nasty, get Nastee. But, be warned, she is a mean girl and will burn your skin.

*Strong Base, PPE required.

HELL BENDER

From the depths of pressure washer nightmares about tough stains, Hell Bender was born. Originally a fleet wash soap, we evolved the formula to attack nearly every type of surface stain. Pros use it for house washing, tire degreasing, and more.

KRACKEN WASH

This is a one-of-a-kind formula designed to remove oxidation from painted surfaces such as vinyl or aluminum siding. Its also works great for fleet washing and bleach-free house washing. When faced with oxidation, go full pirate and unleash the Kracken!

THE BOSS Eco-friendly Degreaser

EPA-compliant water-based allpurpose degreaser used by itself or mixed, the Boss is used for the household and industrial cleaning projects alike. Plus, it smells like lemons for a distinct "clean" scent. When a job requires and eco-cleaner, show them who's "the Boss"

DIRT KILLER Cleaning Chemicals

Big Green Bruce

BIG GREEN BRUCE Eco Degreaser BGB is like Simple Green on steroids. Big Green Bruce makes cleaning "greener". It removes the harsh ingredients found in industrial cleaners and replaces them with aggressive ECO solvents that break surface tension and release stains from just about any surface. When you need a tough eco cleaner, use Big Green Bruce.

POTION ORANGE

Magic Ju Ju juice for all of your ecofriendly cleaning needs. Carefully extracted from the souls of various citrus fruits, Potion Orange makes kitchen grease, grime, tar, road salts and dirt stains disappear. It also works magic on tile grout and has micro-etching properties to make tilesafer.

*Acid based. PPE reguired.

POWER BOLT Industrial Solvent

This powerful solvent satisfies most property maintenance needs. Its eco-friendly forumla has a neutral scent and can be diluted up to 500: 1 and still be an effective cleaner. Power Bolt is one of the most cost-effective cleaners on the market today.

MANGO GROTTO - Masking Agent
This amazing masking agent was
specifically formulated for soft
washing. The unique chemical makeup
of this product masks the scent
of sodium hypochlorite and fortifies and
stabilizes your mix for a better wash.
*Pros use mask as an easy upsell due
to its powerful and pleasing aroma.

DIRT KILLER Cleaning Chemicals

ALUMINATI

Throughout all of the history of space and time, few legends have grown as strong and remained as elusive as that of Dirt Killer's Aluminati blend. The secret unveiled. Now, you too can illuminate your aluminum like the powerful elite!

*Acid based. PPE required.

MAXIMUS FOAM

If gladiators were pressure washing and soft washing pros, they would use Maximus Foam for its superior clinging properties, bleach and alkaline stability, and its ability to be diluted to the perfect sud level: thick like shaving cream light as a cloud and everything in between. Be a gladiator. Use Maximus Foam.

MANTICORE SH Dye/ Masking Agent:

Designed to be used with a dedicated metering system, Manticore is a one of a kind mango scented masking agent that lays a reddish-purple sud that dissapates shortly after being mixed with Sodium Hypochlorite or after being heavily diluted with water.

RUSTER BUSTER

Bust rust with Ruster Buster. A resilient all-in-one formula blended to aid in the removal of mineral deposits from the pores of block, stone, concrete and other masonry surfaces.

Acid based, PPE required.

Dia Cleaning Chemicals

MANGO GROTTO
MASKING AGENTS

EVE'S APPLE

CHERRY CHASER

LEMONCELLO

These amazing masking agents were specifically formulated for soft washing. The unique chemical makeup for these products masks the scent of sodium hypochlorite (SH) and fortifies and stabilizes your mix for a better wash. Liquid mango, apple, cherry and lemon scents with a twist! A solid choice for any scent masking or deodorizing needs.

*Pros use masks as an easy up-sell due to its powerful and pleasing aroma.
